The Alkaline Water Company

New Zealand's #1 Nootropic Brain Drink for Mental Clarity
Arepa

Be calm. Think clear.™

Arepa is New Zealand's #1 Natural Nootropic Brain Drink clinically proven to increase Mental Clarity in moments of pressure and stress.

Arepa (Māori for Alpha) is consumed by a growing number of professionals, elite athletes, students and consumers needing to be calm and think clear during their most important moments of the day. Containing unique to New Zealand bioactives Neuroberry® Blackcurrants and Pine Bark Extract Enzogenol®, Arepa's 100% natural, caffeine-free and patented formula is a potent source of polyphenols delivering a real felt effect. Publishing its first of three clinical studies in 2020, Arepa is now ready to expand into North America and currently seeking distribution and retail opportunities.

Clean Hydrating Energy – 100% Plant Based

Big Watt Beverage

Flavored with botanicals, extracts and bitters.

No stabilizers, preservatives, flavor enhancers. Nothing artificial ever.

Moderate carbs, calories and caffeine.

Responsibly sourced. Simply delicious.

Sparkling Caffeinated Waters; clean green coffee caffeine and intentionally mineralized sparkling waters. Flavored with botanicals, extracts and bitters. Bright clean taste with a lively nose. Hydrated with mineralized electrolytes.

Pure cold press coffees; the finest coffee beans, responsibly sourced from the finest producers and farms throughout the world's best coffee regions. No stabilizers, preservatives or anything artificial. Simple, delicious, broad and balanced taste.

We are a 100% wholly integrated beverage manufacturer, from formulation, product development, sourcing, through brewing/production and canning.

We have full capabilities across coffees, teas, sparkling waters and juices, as well as CBD infused beverages.

We produce all our branded Big Watt beverages, and also have extensive capabilities for private label and co-packing.

We work presently with a select group of leading grocers and brands, providing production capabilities but also formulation and product innovation expertise...particularly in the area of plant based flavoring and functional attributes.

DEFY EXPECTATIONS

blk. beverages

Distinctly black... blk. Untouched Water. Unmatched Profits

FIJI Water

FIJI® Water, Earth's Finest Water and America's No. 1 premium imported bottled water brand, is backed by Earth's Finest® campaign: a \$30-million integrated marketing effort that includes national TV, social media, digital, PR, events, in-store activations and FSIs. With this kind of support, there's no question FIJI Water will continue to attract Earth's Finest customers. Now available direct to you, order now and get ready to drink in the profits.

FIJI Water is bottled at the source in Fiji at an ancient artesian aquifer deep within the earth, where it is protected from external impurities. As tropical rain slowly filters through volcanic rock, it gathers the electrolytes and minerals that give FIJI Water its signature soft, smooth taste. It's untouched by man - until you unscrew the cap. For the latest updates on FIJI Water, please visit fijiwater.com.

Matcha LOVE®
ITO EN (North America) INC.

Taking a modern take on an ancient ritual, Matcha LOVE® celebrates the authentic taste and restorative powers of Japan's famed green tea powder-matcha. Brewed with premium green tea, Matcha LOVE® offers the vitality of consuming the entire tea leaf with a natural energy boost and fresh umami taste. Authentically brewed with 100% pure matcha and whole leaf green tea, Matcha LOVE® is available in Organic Non-GMO unsweetened flavors with 350 mg of Catechin Tea Antioxidants and Vitamin C. With Traditional, Ginger and Vanilla flavors in BPA Free recyclable bottles and convenient no fuss cans, the innovative Matcha LOVE® leads the trend in all things Matcha. The award-winning line is not only healthy and delicious, but offers a pure Matcha experience without the traditional preparation of this revered green tea powder. Ceremonial and culinary matcha powder is also available for wholesale food service.

TEAS' TEA Organic
ITO EN (North America) INC.

TEAS' TEA Organic is a line of refreshingly delicious teas, brewed with simple, organic ingredients and bottled to yield a distinct clarity that draws out the natural taste of the tea leaf. Clean and vibrant, TEAS' TEA Organic strives to create only the purest tea with a pristine, crisp finish. A light and invigorating alternative to sugary juices and soft drinks. TEAS' TEA Organic embodies the tradition of ancient tea making and meticulous brewing methods to craft its organic unsweetened and slightly sweet teas that enlighten the body and soul. Vegan, gluten-free, and free from artificial preservatives.

NEW YORK ORGANIC PREMIUM KOMBUCHA

Seek North
New York premium kombucha. Seek North is alcohol extracted, certified organic, certified kosher and always 100% raw, all-natural, and undiluted. Seek Immunity flavor-sweet, indulgent pineapple is paired with hoppy, immune-boosting elderflower.

Rockin' Protein Plus: Superfruits, Super Benefits
Shamrock Farms

Rockin' Protein Plus is the first ready-to-drink beverage to combine the dual benefits of high-quality protein and superfruits with pure, fresh Shamrock Farms milk to make staying healthy super delicious. Rockin' Protein Plus has no added sugars and is lactose free. The latest innovation from Shamrock Farms comes in two new smooth flavors — each with unique, appealing and functional benefits.

Cherry Crème is an excellent source of protein and calcium with the added benefit of tart cherries. Each bottle offers more than 35 Montmorency tart cherries with a delicious taste that is creamy and never chalky. Growing evidence supports the science and benefits of tart cherries, including anti-inflammation, exercise recovery and improved sleep.

Blueberry Pomegranate is naturally packed with antioxidants, which help fight free radicals and support a healthy immune system. An excellent source of protein and Vitamins A, C & E, it has the boost of nutrients needed to make achieving health goals with a busy lifestyle that much sweeter.

Look for the Shamrock Farms signature green bottle tops in dairy cases across the country, including Target, Walmart and more.

To find the product, visit: rockinprotein.com/find-near-you

SHINEWATER. Vibrant Flavor. Powerful Hydration. Zero Sugar.

ShineWater

Created by physicians and clinically tested, ShineWater delivers real health value rooted in nutritional science.

In a world of so-called healthy beverages that are often far from healthy, ShineWater stands out from other sport beverages and enhanced waters that are full of sugar, caffeine, sodium and artificial ingredients.

ShineWater addresses micro-nutrient deficiencies by delivering meaningful amounts of the electrolytes and vitamins your body needs most, with outstanding, naturally delicious taste and Zero Sugar. ShineWater comes in four delicious flavors: Peach Mango, Poma Grape, Strawberry Lemon and Kiwi Cucumber.

3PL Beverage Specialists
Alta Marketing Co.

With close to 300,000 sq feet of warehouse space located just 60 miles east of Los Angeles; we are big enough to deliver, yet small enough to care. Founded in 1991, Alta Marketing Co. has been a family owned and operated Third Party Logistics Company focused on servicing the needs of the Beverage Industry.

The beverage industry has unique needs, which we understand. We strive to look for unique ways to help our clients save money while streamlining their logistics needs.

Our clients get more than just warehouse space: they get focused service designed to provide warehousing solutions that work for their specific requirements.

Our aim is to be a true partner, providing great service, to all of our clients.

BOLD. NATURAL. ENERGY.

AVAILABLE NATIONWIDE IN CONVENIENCE

COLD BREW *for* THOSE WHO DO™

HIGHBREWCOFFEE.COM
@HIGHBREWCOFFEE   

Connecting Nutrition & Health
BENE0 Inc.

From isotonic sports drinks to fizzy water and soft drinks,.... Palatinose™ (isomaltulose) opens the door to nutritionally optimised and highly stable beverages. It has a low hygroscopicity and high acid and process stability. From a health perspective, it supports blood sugar management and keeps you going thanks to being a fully digestible and more slowly released source of carbohydrates.

Functional Branded Ingredients
Bioenergy Life Science (BLS)

Ingredients for Healthier Living™

BLS creates innovative, scientific based ingredients for healthier living. Our ingredients are clinically proven to support healthy aging, sports performance, sustainable energy, heart health & many other health-enhancing benefits. We sell in bulk to businesses who manufacture or formulate functional foods & beverages, supplements, sports nutrition products, animal nutrition & cosmetics. We are best known for the only patented & FDA GRAS-certified D-Ribose: Bioenergy Ribose®. Bioenergy Ribose is the true source of sustainable, cellular energy and is crucial to the production of ATP. Bioenergy Ribose increases energy for Endurance, Performance & A Healthier You. Our newest ingredient, RiaGev™, is the first and only commercially available proprietary compound uniquely combining Bioenergy Ribose and a form of Vitamin B3. It is distinctly formulated to enter the salvage pathway directly to more efficiently increase nicotinamide adenine dinucleotide (NAD) in the body. RiaGev maintains & enhances mitochondrial health by boosting NAD levels and inducing the creation of new mitochondria. NAD is vital for mitochondrial health. Increased NAD and healthy mitochondria help slow the aging process, reduce age-related cognitive decline, prevent cellular damage from free radicals, create a stronger immune system, and contribute to lower cholesterol. RiaGev helps Repair, Prevent & Rejuvenation.

Global Food Ingredients
Corbion

Master beverage fortification challenges with Corbion. Consumers keep looking for ways to create a healthier diet. You can respond quickly with innovative, quality products by partnering with Corbion. Our solutions, expertise and advanced tools speed formulation and prevent sensory and solubility issues.

Non-GMO, Vegan Ingredients
Top Health Ingredients, Inc.

Top Health Ingredients has been a trusted leader in providing the highest quality Non-GMO, plant-based prebiotics, fibers & proteins to the functional food, beverage, and meat analog markets since 2009. We work closely with our manufacturers and valued customers to develop and supply unique plant-based solutions for virtually every application. Top Health is the exclusive supplier of AdvantaThrive™, a soluble vegetable prebiotic that helps friendly gut bacteria grow and thrive; and our Advanta™ line of plant-based proteins, like our Canadian pea & fava proteins, are ideal for meat analog and extrusion formulations. With global plant-based meat sales set to exceed \$6.5 billion in the next 6 years, Top Health's proteins can help your company secure a piece of that market.

Visit our website for more information, and to request samples!

Beverage & Food Development
PTM Food

PTM Food is your premier product development & manufacturing support firm. Our wide range of expertise, development, and creativity achieves an exciting point of difference between your product and competitors. We work hard to uncover key industry insights, developing products that have a competitive edge. Whether your project is simple or a complex one, we're your team!

Continuous Inline Blending
Statco-DSI Process Systems

Statco-DSI is the industry leader for continuous inline blending. We have experience blending carbonated soft drinks, bottled water, beer, alcoholic beverages, any application of 2 or more liquid streams, all with precise and repeatable outcomes. Whether it's flavoring/aromatics, THC/CBD, sweeteners, vitamins, cleansers or lotions, Statco-DSI's BlenZer has blended it.

Fruit & Vegetable Ingredients
Stiebs

Stiebs, since 2005, has been devoted to sourcing, processing & delivering the world's finest plant-based products. We offer a full line of fruit & vegetable based ingredients as single strength juice, juice concentrate, purees, extracts & powders. From the beginning stages of product development to delivering an on-going supply of premium natural products, our team is here to help you succeed.

Bestevia Taste Solutions
SweeGen

SweeGen brings you Bestevia Taste Solutions, a full taste experience for sugar reduced foods and beverages delivering the sweetness profile and mouthfeel of full sugar. Our sugar-reduction portfolio combines next generation stevia sweeteners with modulation and mouthfeel building blocks. All components are non-GMO, label friendly and nature-based.

Balancing Taste & Performance
Synergy Flavors, Inc

Synergy Flavors® is a global supplier of sweet flavors, vanilla, and coffee, tea and botanical essences and extracts. With more than 130 of expertise and understanding of end-product development, Synergy blends art, science and market insights to create an array of exceptional taste profiles that strike the perfect balance of taste and performance for the functional beverage industry.

We Make Life Taste Better
T. Hasegawa USA Inc.

T. Hasegawa continues to pioneer the flavor industry with a customer experience that is optimized to rapidly respond with technical expertise. We deliver superior products that meet all your requirements no matter how complex the demand. Recognizing that the food industry needs flexibility, we proactively listen to our customers' needs in an effort to develop better ways of delivering formulations

Foodsafe Coffee Cherry cascara
The Coffee Cherry Co.

Upcycled Coffee Cherry (premium cascara) is a showcase beverage base providing brands a new source of plant-based benefits including antioxidants for health, light caffeine for energy, magnesium and potassium for recover and wonderful flavor notes of dried fruit, citrus and tea, plus traceable sustainability to drive Millennial and Gen Z purchasing decisions. High volumes, (4) varieties available.

Shrink Sleeve Solutions
Tripack

Tripack offers a total solution for shrink sleeve packaging. Call on us to build you a shrink sleeve labeling, multi pack, or tamper evident system. If you're not ready to buy your own machine, send us your product and we'll sleeve label and pack it out for you. Empty or Filled containers. Bottle deco. Multi packs. Variety Packs. We have 20 years of experience in this so call or email us today.

Turnkey Beverage Services
US Beverage Manufacturing

We can turnkey develop and copack/manufacture all types of beverages, alcoholic and non-alcoholic, in aluminum cans, PET bottles, glass bottles, and flexible packaging. If you are looking for a one stop shop to take develop your beverage concept, manufacture it, and manage the sales and marketing, then look no further! We can supply all ingredients, materials, manufacturing, and delivery!

Beverage Solutions and Premix

The Wright Group

Connect with the team of experts at The Wright Group to learn more about turnkey beverage solutions to add to your product portfolio.

Beverages create ideal systems for functional ingredients since flavoring / sweetening systems can often mask unpleasant tastes from functional ingredients. Microemulsion value-added ingredients often perform better in beverage delivery systems since they are not subject to the same cooking or mechanical stresses as in food production. Value-added premix solutions deliver performance and stability to your products...often at a cost savings! Custom nutrient premixes have been shown to work well in a variety of products such as extruded bars, breakfast cereals and viscous, opaque beverages. SuperBlend® custom nutrient premixes are designed to include our SuperCoat® Micro-encapsulation SMART™ process. These premixes are also engineered to perform at high temperatures and shear processes.

The Wright Group delivers custom nutritional blends, vitamins/mineral premixes and micro-encapsulated ingredients for the functional food and nutritional supplement markets. Our 100+ years of innovative expertise, accomplished R&D team, and comprehensive production capabilities allow us to provide faster lead times to successfully bring your products to market.

GET THE PRODUCT YOU LOVE TO MAKE INTO THE CANS PEOPLE LOVE TO BUY.
