**ALO Drink Goes Coconuts & Organic ALO Drink by SPI West Port Inc.**

ALO Drink, the #1 aloe vera beverage brand in the U.S., introduces two new lines to its portfolio—Aloe Coco and ALO Organic. Aloe Coco combines pure coconut water (not from concentrate) with real aloe vera juice (straight from the leaf, not powder). A watermelon flavor, which adds juice sourced directly from the fruit, joins the original. Available in both 33.8 fl oz (1 L) and 16.9 fl oz (500 mL) Tetra-Pak containers. ALO Organic blends USDA certified organic aloe vera juice and pulp with other natural flavors in the first major USDA organic certified RTD aloe vera beverage made straight from the leaf, not powder. All products are made with no preservatives, colors or artificial flavors, and are USDA organic or Non-GMO Project verified. For more information about ALO Drink, please visit us at the website, [www.alodrink.com](http://www.alodrink.com), or contact the team directly, [info@alodrink.com](mailto:info@alodrink.com).

**Avitae is healthy hydration with a natural energy boost**

**Avitae USA, LLC**

Avitae USA, LLC is the leading caffeinated water company in the U.S. and provides consumers with an alternative to less healthy caffeinated beverages and sugary drinks. As an independent company, Avitae is committed to providing the healthy hydration you need with the natural caffeine boost and instant-go that you want.

Avitae offers lightly fruit flavored and unflavored non-carbonated caffeine waters that vary in caffeine levels to fit all lifestyles, including 45mg, 90mg and 125mg. Its four flavors include: Pomegranate Acai, Tangerine, Blackberry and Strawberry Guava.

In 2016, Avitae introduced a line of lightly fruit flavored and unflavored carbonated caffeine waters "Sparkling Avitae." It is offered in the 90mg caffeine level and four flavors: Black Cherry, Raspberry Lime, Berry Kiwi and Mandarin Passion Fruit. Avitae also announced a line of energy drinks, "Avitae XR," that features cutting-edge, patented bead-based technology that delivers extended-release caffeine for long-term energy with no crash. It is offered in three flavors: Orange, Mixed Berry and Lemon Lime.

Avitae has national distribution partnerships with KeHE Distributors, LLC., UNFI, and DPI Specialty Foods.

Harvest Soul Organic – New Look for Nutrient-Rich Juice  
Harvest Soul Organic

WTF....(Where's the Fiber?) Inside our delicious high fiber blended juices, now with beautiful new packaging showcasing our amazing fruits and veggies on the bottle.

Our juices are really whole food beverages: organic fruit & vegetable blends packed with natural fiber and no added flavors, concentrates or sweeteners. Truly farm-to-bottle! Because we blend, and don't press, whole foods, every bottle is high in fiber, reaching up to 25% of the recommended daily allowance. Fiber is important because it helps regulate blood sugar, it's good for heart health, and helps in maintaining a healthy weight. Our juices are like no others: super clean label juices; "drinkable" fruits and vegetables with a nutrient-dense texture that's super satisfying and delicious as a snack, meal or drink.

We source only the finest organic and non-GMO ingredients, and carefully blend them to create a smooth, yet nutrient-dense, whole food beverage. Our juices all start with a vegetable first and each bottle has over 3 servings of fruits & veggies from over 5 LBS of produce. They're USDA Organic, Non-GMO Project Verified, gluten free and vegan. Four flavors: Sweet Green, Island Fruit, Sunrise Berry, Celery Beet in 12 ounce BPA-free bottles; high pressure processed to preserve farm-to-bottle freshness.

**MOONSHINE SWEET TEA**

Moonshine Sweet Tea

Moonshine Sweet Tea got started in 1946 in the Texas Hill Country, near the ranching community of Mason. First developed as a concentrate by the Leo Cobb Porter family, their unique version of sweet tea was always brewed in the late evenings - and much sweeter and more robust than other teas - so it didn't take long for this secret family recipe to earn the title of an 'outlaw brew'.

In 2009, Joele Porter (great grandson of Leo Cobb Porter) first started brewing his own small batches of tea concentrate, also late at night, under the moonlight hours—just like his Great-Grand-Dad did back in 1946. So when Joele recognized this well-timed similarity, he knew right then and there what to call his Great-Grand-Dad's legendary sweet tea: and the name "Moonshine" was finally born.

Today, based on this 70-year-old recipe, Moonshine Sweet Tea's six delicious ready-to-drink flavors are still fresh brewed in the same honest-to-God fashion—one kettle at a time—with the same bold standards that have governed the State of Texas for decades. Crafted with the perfect combination of organic black tea leaves, clean filtered water and 100% pure cane sugar—Moonshine is the original Texas Sweet Tea.

Shaka Tea introduces new look and bottles

Shaka Tea

Shaka Tea brings a refreshing, herbal iced tea brewed from Hawaiian māmaki, which is only found and grown one place in the world: the Hawaiian archipelago. A finalist at New Beverage Showdown 12; one of three, winning Trailblazers at Food Vision USA; and voted “Best Local Tea” in Honolulu, we’re excited to share our new, iconic look that pops off shelves. After successfully launching locally in 2016, we’re now expanding to the continental US.

Our three, innovative flavors of Guava Gingerblossom, Mango Hibiscus and Pineapple Mint deliver a light, distinctively refreshing flavor profile without any added cane sugar or stevia. All our teas are brewed from māmaki, the Hawaii-grown superleaf steeped in centuries of tradition and backed by peer-reviewed science.

Share a Shaka - refresh and revitalize, Hawaiian style.

Hawaii-grown. Vegan. No added cane sugar. Gluten-free.

**Vit•Hit North America**

**HEALTH YOURSELF!**

VIT HIT, a Dublin IRL based company, are producers of the highly successful all natural, 35 calories, hybrid beverage that blends the best of tea, real fruit juices, water, and 100% RDA of 7 different vitamins.

VIT HIT Launches Major U.S. Distribution push with Industry Leader Honickman Group

VIT HIT is a brand born in Ireland and is now available in 16 countries worldwide.

VIT HIT was created because of a lack of healthy drinks available in our fridges. "Most drinks contain buckets of sugar. Sugar means calories and people no longer want calories in their diet" says Gary Lavin, founder of VIT HIT.

"I created VIT HIT because I used to see people on treadmills for 30 minutes burning calories, then coming off and taking those calories back in with a sports drink. Most sports drinks contain 180 calories, sugar and salts, not exactly ideal for weight loss. Our first mission was to make sure our drinks tasted as good or better than their sugary counterparts, then add as much goodness as possible, without compromising on taste."

VIT HIT is now being produced and distributed in the U.S. For more information visit [usa.vithit.com](http://usa.vithit.com) or for worldwide please contact Ian O'Rourke at [ian@vithit.com](mailto:ian@vithit.com) or for the U.S. contact Tom Cullity at [tom@vithitserv.com](mailto:tom@vithitserv.com).

NOT YOUR TYPICAL LABEL COMPANY

Overnight Labels

**You caught lightning in a bottle.**

**Now let Overnight Labels take it from here.**

We know how hard you've worked to launch your products and we will work just as hard to ensure your packaging has consumer's mouths watering ...even before they take their first sip.

In business for over 30 years, Overnight Labels offers PS labels, shrink sleeves and neck bands, and has broad experience in the food and beverage industries. We understand both the demands of your market and all phases of container decorating and product co-packing.

For start-up entities and product launches, we provide a multi-tiered approach to your packaging needs. From pre-production samples, small volume digital printing and full production runs, we do it all.

In addition to our quick turn arounds, we are recognized for our high standards, being awarded Disney Printer Certifications and maintaining the highest-level Walgreens (GMI) global certified printer status. We are also proud to be a Sustainable Green Printing Partnership (SGP) printer.
